

9th UK Swallow Research Group Conference

Day 1
Thursday 3rd Feb 2022

8:25 - 8:40	Welcome	David Smithard, Chair of UKSRG
8:40 - 10:25	Supporting clinical care/service development – international approaches Chairs: Russell Walker & David Smithard	
	Managing dysphagia in a specialist head and neck unit in India – perspectives from the Tata Memorial Hospital in Mumbai	Arun Balaji
	Service provision in South Africa and research	Dr Mershen Pillay
	Working with older people in Iran	Mrs Sima Farpour
	Building Speech and Language Therapy in Cambodia: a grass roots approach focusing on dysphagia	Ms Annie Johnson
	Speech and Language Therapy service and research in Ghana	Ms Jane Dawson
	Panel Q&A live	
	Meeting hub/Tea & coffee/posters	
10:55 – 11:55	Free Papers Session One Chairs: Paula Leslie and Christine Roffe	
	Hard to Swallow? A review of the quality of dysphagia care provided to patients with Parkinson’s disease admitted to hospital when acutely unwell	Dr Alex Goodwin
	Identifying Dysphagia and Demographic Associations in Older Adults using Electronic Health Records: A national longitudinal observational study in Wales (United Kingdom) 2008-2018	Professor David Smithard
	Nasogastric Tube And Oral Care Practice In Acute Stroke: A National Survey Linked To Stroke Registry Data	Mrs Sabrina Eltringham
	Leaving hospital and surviving following a decision to eat and drink with acknowledged risk: Are we sustaining best practice on readmission?	Mrs Naomi Soar

11:55 - 12:45	Workshops			
11:55- 12:45	<p>Pathways into research– what is on the NIHR track and other streams e.g. CLARHC/PCA</p> <p>Chair: Jacqui Benfield Presenters: Rebecca Julier, Rhiannon Halfpenny & Gemma Clunie</p>	<p>Writing for publication</p> <p>Chair: Justin Roe Presenter: Paula Leslie</p>	<p>Transnasal oesophagoscopy and dilatation</p> <p>Chair: Chadwan Al Yaghchi Presenter: Kate Heathcote</p>	<p>Mental Health & Learning disabilities</p> <p>Chair: Hannah Crawford Presenters Susan Guthrie, Tracey Forster & Tracey Lazenby-Patterson</p>
12:45 - 13:30	Meeting hub, posters & lunch break			
13:10 - 13:30	Sponsored Symposium - Ampcare			
13:30 - 15:15	<p>Blended diets: an alternative or the new normal? Chairs: Alison Smith & Paula Leslie</p>			
	What motivates families to use blended diets?		Dr Anne Breaks	
	Gastroparesis in neurodegenerative disorders		Dr Natalia Zarate-Lopez	
	History of tube feeding		Dr Angela Madden	
	Blended Diet within the family - a mother's perspective		Mrs Julia Geis-Clements	
	Tube feeding and blended diet: microbiome implications		Dr Peggy Marcon	
	Panel Q&A live			
15:15 - 15:30	Meeting hub, posters & refreshment break			
15:30 – 16:30	<p>Free Papers Session Two Chairs: Alex Stewart & David Smithard</p>			
	What is the baseline swallowing function of adults with laryngotracheal stenosis due to undergo reconstructive surgery?		Ms Gemma Clunie	
	Expiratory muscle strength training (EMST) for dysphagia in primary and recurrent head and neck cancer (HNC) – a case series		Mrs Grainne Brady	
	Swallowing outcomes in hospitalised COVID-19 patients		Dr Sally Archer	
	Feasibility of integrating videofluoroscopy in multi-centre Head and Neck Cancer trials in the United Kingdom		Professor Jo Patterson	

16:30 - 18:30	Rehabilitation, what is in our evidence-based tool bag? Chairs: Anita Smith & Hannah Crawford	
	The evolution of pharyngeal electrical stimulation: from concept to bedside treatment	Prof Shaheen Hamdy
	The Effects of Ampcare’s Effective Swallowing Protocol (ESP) on hyo-laryngeal kinematics and functional outcomes in dysphagia	Russ Campbell & Prof Sue Pownall
	What is the evidence for tongue-strength training as an intervention for dysphagia?	Prof Catriona Steele
	Effects of Expiratory Muscle Training on Videofluoroscopic Measures of Swallowing	Dr Renata Mancopes
	Development of the Focus on Early Eating, Drinking and Swallowing (FEEDS) Toolkit to support young people with dysphagia, their families and professionals	Prof Jeremy Parr
	Sensorimotor integration, control and adaptation	Prof Rebecca Z. German
	Panel Q&A Live	
18:30	End of day 1	

Thursday 3rd & Friday 4th February 2022
Virtual online conference – UK, London GMT

9th UK Swallow Research Group Conference

Day 2

Friday 4th Feb 2022

08:35 - 08:45	Welcome to day 2 – David Smithard			
08:45 – 09:30	Free Papers Session Three Chairs: Caroline Watkins & Lisa Everton			
	<p>The feasibility of 3D food printers for people with dysphagia and their supporters: Views of key stakeholders on an immersive experience of 3D food printing</p> <p>The school dinner hall environment: A qualitative observational study of 5 UK mainstream primary schools</p> <p>Mini-EDACS: development of the Eating and Drinking Ability Classification System for young children with cerebral palsy</p>	<p>Prof Bronwyn Hemsley</p> <p>Ms Sally Morgan</p> <p>Dr Diane Sellers</p>		
09:30 - 10:20	Workshops			
09:30 - 10:20	Workshop: Study Designs; when n=1 Chair: Alex Stewart Presenter: Dr Hortensia Gimeno	Designing questionnaires Chair: Hannah Crawford Presenter: Gemma Clunie	Behaviour change Chair: Christina Smith Presenter: Roganie Govinder	Ultrasound Chair: Sarah Wallace Presenters: Jodi Allen & Sally Richmond
10:20 - 10:50	Meeting hub, posters & break			

10:50 - 12:20	Framing of illness Chairs: Paula Leslie & Alison Smith	
	Breastfeeding in the Muslim community	Dr Abrar M. Al Duraiby
	The experiences of people living with dementia and dysphagia in care homes	Dr Lindsey Collins
	Neurobiology of flavour and retronasal olfaction	Dr Duika L. Burges Watson
	Cultural considerations in dysphagia management	Bridget Xia & Jaemin Yoo
	Panel Q&A Live	
12:20 - 13:05	Meeting hub, posters & lunch break	
12:45 - 13:05	Sponsored Symposium - Pentax Medical	
13:05 - 15:05	Applying physiology techniques to practice Chairs: Sarah Wallace & Christina Smith	
	High Resolution Manometry with Impedance to measure oesophageal function in pre-term infants	Prof Maissa Rayyan
	Variations in hyoid kinematics in normal and abnormal swallowing	Prof Catriona Steele
	Ultrasound in the assessment of swallowing	Jodi Allen (on behalf of International SLT Ultrasound group)
	The use of electromagnetic articulography to explore biomechanical biomarkers of tongue impairment during swallowing in individuals diagnosed with Amyotrophic Lateral Sclerosis	Dr Bridget Perry
	Imaging and the sucking dynamics of the breastfeeding infant	Donna Geddes
	High Resolution Manometry and Impedance for assessment of pharyngeal impairment and biofeedback	Dr Ashli O'Rourke
	Panel Q&A live	
15:05 - 15:35	Meeting hub, posters & refreshment break	

15:35 - 17:20	Feeding on non-invasive ventilation - what is the evidence and what are the controversies?	
Chairs: Becca Murphy & Sue McGowan		
	Breathing and swallowing with non-invasive ventilation: understanding the knowns and unknowns	Dr Stacey Skoretz
	Evidence for swallowing and airway protection reflexes in infants on Continuous Positive Airway Pressure	Dr Sudarshan Jadcherla
	Oral feedings on respiratory devices: picking apart the controversies	Dr Louisa Ferrara
	Initiation of oral intake in patients using High-Flow Nasal Cannula: a retrospective analysis	Maria Jose Flores & Kortney Uchida
	The influence of airflow via High-Flow Nasal Cannula on duration of laryngeal vestibule closure	Dr Katie Allen
	Panel Q&A Live	
17:20 – 17:40	Prizes and closing remarks - David Smithard, Chair UKSRG	
17:40	End of conference	

Thursday 3rd & Friday 4th February 2022
 Virtual online conference – UK, London GMT
